

Are You Seeking Great Health?

Scientists Link Missing Nutrient To Chronic Pain & Heart Disease!

- Do you feel sluggish & worn out?
- Do you find yourself working harder with minimum results?
- Are you stiff & sore, moving just a little bit slower with each passing day?
- Are you feeling a little fuzzy?

If you answered yes to any of these questions, you may be lacking a particular nutrient that is essential for good health.

Deficiency Widespread!

Research shows that omega-3 deficits are widespread leading to a range of mental and physical disorders. Replacement of this missing nutrient could be highly beneficial.

Omega-6 and Omega-3 fatty acids are essential but the body requires them in amounts not normally found in our Western diet.

Research scientists think that we evolved on a diet with a 1:1 ratio of Omega-6 to Omega-3 fatty acids. However, today the typical American diet is about 10:1 and in some cases as high as 50:1.

13 Scientists Rewrite Food Pyramid

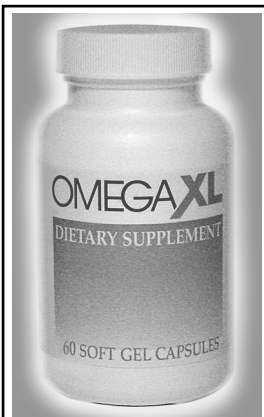

On Monday, August 9th, 13 government appointed scientists met in Bethesda, Maryland, to rewrite the Federal Dietary Guidelines recommending foods rich in Omega-3 fatty acids (fish).

This recommendation is supported by the nation's top health care organizations like:

- The American Heart Association
- The Arthritis Foundation
- Alzheimer's Prevention Foundation
- The American Diabetes Association
- The American Cancer Society
- The White House
- WebMd.com

One Company Provides The Best!

The big question is where are you going to get your Omega-3s? You can

This "Special Omega-3" may help your health more than you ever imagined!

Try It For FREE!

eat fresh cold water fish 1-3 times per week (not likely), or you can start using a fish-oil supplement on a daily basis (easy and effective).

There is one company in particular that has created what many believe to be one of the best Omega-3s in the world.

The company is called Great Health Works – and their superior product is appropriately named OmegaXL™.

Concentrated EPA & DHA

OmegaXL™ is a unique blend of omega-3 fatty acids (EPA & DHA) extracted under a patented process from Blue Grenadier fish oil and Galip Nut oil.

We believe the patented extraction process, and a significant trade secret in how the oils are uniquely blended, make OmegaXL™ quite possibly more potent and stronger than any other Omega-3 available today.

OmegaXL™ Really Works!

Relieves Shoulder Pain!

"I have suffered shoulder pain for 20 years. After taking OmegaXL for 3 weeks the pain has subsided and I have full mobility!"
– Eugene Argent

6 Years of Rheumatoid Arthritis

"I have been suffering with rheumatoid arthritis for 6 years. In only 4 weeks of taking OmegaXL I am feeling less pain, inflammation and morning stiffness."
– Shirley Ploudre

I feel 18 Again!

"I am on a computer 8 hours a day. OmegaXL helps relieve my pain and swelling in my elbow and makes me feel like I am 18 again!"
– Billie Jo Neidlinger

My Old Self Again!

"Within 2 weeks of taking OmegaXL my knee pain completely went away."
– Selvi Sudanthgi

Back In Heels Again!

"I have increased mobility and strength and much less pain in my legs and feet thanks to OmegaXL!"
– Patricia Lamb

*Results vary. People with medical conditions should check with their physicians before using this or any other dietary supplement.

Operate At Your Peak!

Research indicates that both adults and children that consume DHA (fish oil) think and behave better. They also perform at a higher level than those that are deficient in DHA. Remember, OmegaXL™ contains both EPA and DHA.

Additionally, studies have pointed to links between Omega-3s and:

- **Heart Health** – helps protect against heart attack and strokes.
- **Joint Health** – helps regulate the inflammatory response in conditions like rheumatoid arthritis and Osteoarthritis.
- **Breathing Difficulties** – helps relieve inflammation of the bronchial airways caused by asthma.
- **Mental Health** – may reduce confusion and possibly even reduce somewhat risk of Alzheimers and developing dementia.
- **Depression** – may help control bipolar disorders and other forms of depression.

OmegaXL™ can help reduce the inflammation process for the following conditions:

- Breathing Difficulties Caused By Inflammation
- Joint Problems
- Skin Disorders
- Immune Disorders
- Blood Circulation
- Healthy Heart
- Brain Function
- Reduced Inflammation
- Improved Health • Softer Skin
- Hair & Nails Grow Faster

See The Difference For Yourself!! Don't Wait – Optimum Health Can Be Yours!
